

# Bringing the Outside In

*Kelowna family chooses Phantom's motorized screens for their home with a garden view*

*"Phifer 18/14 insect mesh with a 58% openness allows the homeowners to enjoy their breathtaking garden views without having to worry about letting in the bugs."*

- LOCATION:** Kelowna, British Columbia
- STYLE:** Traditional Country
- ARCHITECT:** Chris Robinson
- PRODUCT:** Phantom Executive™ motorized retractable screens
- MESH TYPE:** Sheerweave 2360 mesh
- NEED:** To enjoy their newly remodeled porch year-round, the homeowners needed a screening system that would block out insects but also retract when not in use for a clear view to the gardens.
- SOLUTION:** Phantom's motorized screens with Phifer's 18/14 insect mesh met all of the homeowner's needs and did not distract from the simple and elegant design of their porch.

## OVERVIEW

This luxurious family home is located in Kelowna, BC and stands alongside the beautiful orchards and wineries of the Okanagan Valley. The property features a professionally landscaped yard, complete with elegantly designed gardens. The owners remodeled the house adding a front veranda, swimming pool, back porch and patio to entertain guests and enjoy the garden views.

Unfortunately, the extravagant gardens were bringing unwanted insects into the patio, forcing the family to stay indoors. By selecting Phantom's motorized screens, the family is able to enjoy the gardens in any weather without having to worry about the bugs.

## APPLICATION HIGHLIGHTS

### Enjoy the views without the bugs

Phifer 18/14 insect mesh with 58% openness allows the homeowners to enjoy their breathtaking garden views without having to worry about letting in the bugs.

### Easy operation

The screens can be lowered by the simple press of a button on a remote control or smart phone device.

### Complements any space

Phantom's motorized screens retract into cavities designed above the openings, completely hiding them from view. This way the screens don't distract from the simple and elegant design of the porch.

## PRODUCT FAST FACTS
